

Teardrop Banner Pole Assembly Instructions

Display Set-Up

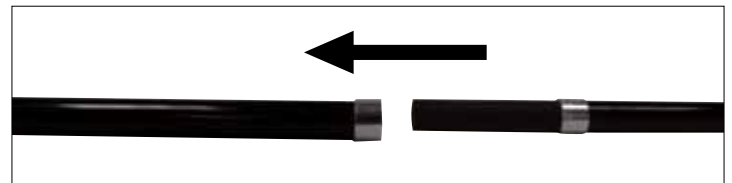

Step 1: Assembling the Pole

To assemble the poles (1), take the bottom pole (1a) and insert it with the Bottom Middle Pole (1b). Then, insert Top Middle Pole (1c) into the Bottom Middle Pole (1b). Lastly, attach Top Pole (1d) into the Top Middle Pole (1c).

Step 2: Assembling Indoor Cross Base - if applicable or see step 5

Form an "X" with both pieces of the Cross Base (3) and screw on the connector to secure the base. If applicable, fill the water ballast (4) with water and place it through the top of the cross base connector. Lastly, attach the Bottom Pole (1a) to the cross base connector.

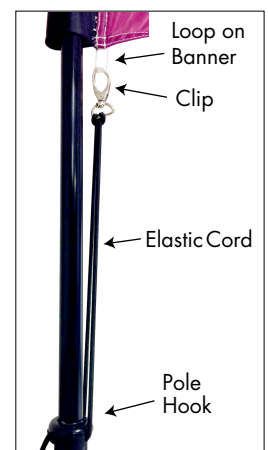

Step 3: Installing the Banner

Carefully insert the Top Pole (1d) through the Sleeve of the banner from the bottom-up and push the pole through until it reaches the end of the sleeve. Do not forcefully push the pole (1), or it could snap.

Step 4: Securing the Banner on to the pole

Attach the clip to the white looped string located at the bottom of the banner sleeve. Pull the black Elastic Cord (2) until it is locked under the pole hook located on the Bottom pole (1a). Lastly, wrap the rest of the elastic cord around the Bottom pole (1a) and tie a knot to secure the banner.

Display Set-Up Continued...

Step 5: Installing Outdoor Ground Spike, if applicable

For outdoor use, our ground spike (5) comes with a swivel head to attach on to the pole (1). After that, plant the sharp end of the spike into the ground for stability.

Step 6: Storage and Care

Place all product parts into a carry bag and store in a dry location, away from direct sunlight and clean with a damp cloth. Do not iron or dry clean the banner.

Cross Base Set-Up

Step 1

Set-up the Cross Base (3) by extending the legs outward. Insert the Cross Base's (3) pole into the bottom of the Pole (1).

Step 2

For added stability, fill the Round Water Ballast (4) with ballast material and place over the Cross Base (3) before adding the Pole (1).

Spike Base Set-Up

Step 1

Insert the Spike Base's (5) pole into the bottom of the Pole (1) and push the bottom of the Spike Base (5) into the ground to display.

Storage

Place all product parts into Carry Case and store in a cool dry location, away from direct sunlight.

Care

To clean, wipe with damp cloth. Do not iron or dry clean the banner.
