Colours note

Colour management will be done on a "best effort" basis for the chosen specified Pantone Colours (PMS). If the file is a vector with no PMS provided or an image, it will be printed in a full-colour process (CMYK). We cannot be held responsible for colour control when printed in "CMYK." Please note that the colours might appear differently when printed on different substrates and be brighter when exposed to sunlight. **All Custom-Made Products are non-refundable.**
